

**Parent Mail:**

**Remote Learning:**

Dear Parents/carers,

Remote Learning for pupils in EYFS – Year 6 will begin on Tuesday 5<sup>th</sup> January 2021.

Your child's teacher will contact you today to ensure you are able to access 'Tapestry' for pupils in EYFS and 'Google Classroom' for pupils in Years 1 -6.

Weekly timetables and further information on how to view lessons and submit work will be explained by teachers when you log in to Tapestry or Google Classroom. In Google Classroom, you will find messages from teachers available on 'stream' and lessons/work in 'classwork'.

Prior to remote learning, please take time to re-read the Acceptable Use Policies that you and your children have signed to ensure your child understands their responsibilities online and when using Google Classroom. Any lessons, content or media uploaded onto our school platforms should only be viewed on these platforms and not shared using any other form of media. These documents can be viewed on our School Website by following the link below:

<https://www.corpuschristikingston.co.uk/computing/>

Teachers will mark and provide regular feedback for submitted work. Feedback to work will be given during school hours only (9am -3pm). Please therefore ensure that any comments/responses from your child are also only sent during school hours.

It is essential that your child engages in remote learning during this time of school closure. If you are experiencing any problems in accessing our online learning platforms, please contact the school office so that we can support you with this.

Please refer to our Remote Learning Policy for full details on how teaching and learning will be accessible:
