English

Reading: 'The Last Bear' by Hannah Gold

Discussing the features of non-chronological reports to inform understanding of structure, grammar and vocabulary.

Asking questions to improve understanding of a text.

Drawing inferences such as inferring characters' feelings, thoughts and motives from their actions, and justifying inferences with evidence.

Writing: Non-chronological Reports

Planning, writing, proofreading and editing a non-fiction report.

Science

Living things and their habitats

Enquiry skills:

- Identifying and classifying- to consider how we can use the classification keys to identify animals.
- Pattern seeking- are foods that are high in energy always high in sugar.
- Research area: how do animals adapt to their environment?
- **Knowledge objectives:**
- Grouping animals into invertebrates or vertebrates.
- Identifying mammals, reptiles, amphibians, birds and fish.
- Recognising and grouping plants into flowering and non-flowering.
- Understanding what an animal's habitat is and how they can change.

Maths

- To find 1,000 more or less than a given number.
- To count backwards through 0 to include negative numbers.
- To recognise the place value of each digit in a four digit number (1,000s, 100s, 10s, and 1s).
- To order and compare numbers beyond 1,000.
- To identify, represent and estimate numbers using different representations.
- To round any number to the nearest 10, 100 or 1,000.
- To solve addition and subtraction problems.
- To recall multiplication facts previously learnt and move onto facts up to 12 x 12.
